***Overview***

# Introduction

## What is a lottery?

A lottery consists of three elements: prize, chance and consideration.

## Lotteries are not new to American history...

The first lottery with cash prizes dates back to 1490, two years before Columbus set sail. Lotteries were authorized to raise money for the colonial army. In addition, a lottery helped put a roof on the United States Capitol. Lotteries also helped build educational institutions like Harvard, Yale and Princeton universities.

It wasn't until 1964 that the modern lottery era began in New Hampshire, and since that time, lotteries have brought more than \$300 billion in revenues for a variety of state programs. Forty-three states, the District of Columbia, Puerto Rico, the U.S. Virgin Islands and Canada currently have a lottery. For a complete historical timeline of lotteries, visit [www.naspl.org](http://www.naspl.org).

On Nov. 6, 1984, Missouri voters overwhelmingly approved the Missouri Lottery by passing Amendment 5, which repealed a section of the state's constitution prohibiting a lottery. The measure passed with 70 percent of the vote, making the Missouri Lottery the 23rd lottery in the United States.

## Missouri's Lottery

Missouri Lottery ticket sales began 27 years ago in January 1986, and since that time, the Lottery has provided the state, including education, with more than \$4 billion in proceeds. In addition, 354 players have won life-changing jackpots between \$1 million and \$293.7 million, totaling more than \$2.4 billion. Missouri Lottery retailers have earned more than \$929 million in commissions, incentives and bonuses.

A five-member commission, appointed by the governor and approved by the Senate, governs the Lottery. The executive director oversees the daily operations of the government agency.

The Missouri Lottery is based in Jefferson City with three regional offices located in: Kansas City, St. Louis and Springfield. The Lottery is broken down into three divisions: Executive Director's Office, Division of Risk Management and Division of Sales, Marketing and Communications.

## The Missouri Lottery's Vision:

"The Missouri Lottery will utilize best practices to be recognized as a leader in the lottery industry."

## The Missouri Lottery's Mission:

"The Missouri Lottery generates funds to provide educational opportunities for Missouri students, support Missouri businesses and entertain millions."

# **Introduction**

## **The Missouri Lottery's Core Values:**

The Missouri Lottery embraces integrity, accountability and dependability as core values in our day-to-day operations. The guiding principals of honesty, reliability and professionalism in our daily actions and interactions with our internal and external customers are essential to the continued success of the Lottery and demanded by the public we serve.

Goals:

1. Create, market and distribute fun and entertaining products.
2. Provide extraordinary customer service and relationship building, both internally and externally.
3. Cultivate an atmosphere of trust, high integrity and public accountability.
4. Support an organizational culture where employee innovation and productivity are encouraged and recognized.

## **The Missouri Lottery's Customer Service Strategy:**

“We will provide extraordinary customer service that allows players to fulfill dreams; retailers to be profitable and employees to achieve personal growth and satisfaction. We will fulfill this strategy with exceptionally courteous and professional employees who are committed to understanding the customers' perspective and empowered to provide players, retailers and each other with positive, memorable customer experiences.”

Becoming a *My Lottery* member is easy; just visit MOLottery.com and complete the quick registration process to gain free access to services that allow players to:

- Earn points that can be redeemed for prizes by entering non-winning Scratchers tickets online;
- Receive automatic entry into all eligible Scratchers promotions when entering tickets online for points;
- Play free fun games within the Points For Prizes™ site;
- Receive a coupon, good for \$1 off any Missouri Lottery Draw Game, each year on their birthday;
- Sign up to receive the winning numbers through text messaging;
- Choose the amount at which they would like to receive jackpot alerts via text or email for Lotto, Mega Millions, Powerball and/or Show Me Cash;
- Register their "Favorite Numbers" with their favorite game(s) and receive notification when they are drawn;
- Participate in special *My Lottery* web promotions throughout the year.

One of the priorities of the *My Lottery* program is to provide customer convenience, while providing the utmost security to players when entering promotions through the Lottery's website. To become a member of *My Lottery*, users are asked to verify that they are at least 18 years of age and enter contact information in order to receive notifications about promotions and special prize-winner information. None of the personal information collected will be sold, traded or otherwise distributed to any third party.

## **Are the Chances of Winning a Promotion the Same For Web Entry and Mail Entry?**

Did you know that the chances of winning a Missouri Lottery Scratchers promotion are the same whether you enter through the Web or by mail? The chances of winning do not increase by using one particular

# **MOLottery.com, My Lottery and MOLotteryblog.com**

method. By using a percentage of each type of entry method to conduct a preliminary drawing, the drawings ensure an equal chance of winning, no matter how the entries are received.

## **Here's how a promotion drawing is conducted:**

1. A pre-determined percentage of entries are drawn from the Web entries and the mail entries through a preliminary drawing.
2. Once the preliminary drawing is complete, the promotion drawing team creates physical entries for the Web entrants using sample voided Scratchers tickets. Each entry is placed in an individual envelope, similar to the mail entries that are received.
3. Then, all of the entries are combined in the drawing drum, and the winners are physically drawn. For example, let's say the Lottery is holding a Scratchers promotion drawing for five prizes. To make it easy, we'll say there are 300 total entries - 200 web entries and 100 mail entries. Let's say we'll use 10 percent for the percentage in the preliminary drawing. That means 20 entries are drawn from the total web entries and 10 entries are drawn from the total mail entries for 30 total entries in the preliminary drawing. The promotion drawing team will create 20 physical entries (envelopes containing void Scratchers tickets with the Web entrants' names) for each of the Web entries. These are combined with the 10 mailed entries from the mail in the drawing drum. From these entries, the five winners are drawn.

# Scams and SPAM

## Phony Promotions, Illegal Schemes and Bogus Emails (SPAM)

Consumers in the United States and other countries lose billions of dollars each year to fraudulent telemarketers, spam emailers and misleading advertisements that entice consumers into phony prize promotions, illegal foreign lottery schemes and other lottery-related fraud, according to the Federal Trade Commission (FTC).

Individuals involved in the sale and trafficking of foreign lotteries, unwanted telemarketing calls and – under the federal government CAN-SPAM Act, which took effect Jan. 1, 2004 – unsolicited commercial email, or “spam,” can be prosecuted in the United States. But that doesn’t mean the fraud has stopped. When it comes to fraud, being an informed consumer is the best way to protect yourself.

## Recognizing Legitimate Contacts From The Missouri Lottery

To claim a Missouri Lottery prize, you will NEVER be required to send any money or give personal information by email, the phone or any other means in an effort to collect promised winnings.

There are only two reasons that the Missouri Lottery may require some personal contact information from a player:

1. To complete claim form information in person or by mail in order to process a prize. (This information is never collected over the phone.)
2. To validate a winner’s identity if the winner has entered online and is selected as a prize winner. To enter any Missouri Lottery promotion online via the Lottery’s website, MOLottery.com, players are required to create a *My Lottery* account and provide some personal contact information so the winner can be contacted and his or her identity can be validated for prize redemption.

The Missouri Lottery does not sell, trade or otherwise distribute players’ information to a third party. Players will never be asked to submit private information or family data, like your mother’s maiden name.

In a few instances each year, a Lottery representative may contact a grand-prize promotion winner by telephone to tell the winner he or she was drawn as a promotional prize winner and to interview him or her for a story. At that time, however, winners are not required to provide vital information such as Social Security numbers or banking information. The call is always followed up with a letter, and the player will be able to verify that his or her name was drawn by going to the Lottery’s website.

The FTC provides a website, [www.ftc.gov/crossborder](http://www.ftc.gov/crossborder), to help consumers spot, stop and avoid cross-border fraud. It contains information on recent FTC law enforcement actions against cross-border scam artists, as well as FTC coordination with law enforcement agencies in other countries to combat this multi-billion dollar problem.

Missourians who receive unwanted telemarketing calls and unsolicited mail or spam email should contact the Missouri Attorney General’s Consumer Protection Division at 1-800-393-8222 or visit their website at: [www.ago.mo.gov/index.htm](http://www.ago.mo.gov/index.htm). Once there, you can reduce unwanted telemarketing calls made to your home by signing up for the No Call list. You can also learn more about the new federal CAN-SPAM Act and/or file a complaint against email spammers.

# Scams and SPAM

If players have questions about whether they've received a legitimate Missouri Lottery contact, they can call Lottery at (573) 751-4050 and select option four.

## Be Alert! The Missouri Lottery does NOT...

- Require vital information such as Social Security numbers, bank account numbers, mother's maiden name, etc., from winners over the phone.
- Require a winner to provide money upfront to claim a prize.
- Require a time frame of less than two weeks to respond to or act on a ticket-entry promotion prize deadline.
- Enter someone into a promotion for an added bonus, or for any other reason, without their knowledge.

All Draw Games include an opportunity for players to select their own lucky numbers or let the computer select the numbers by using Quick Pick. The percentages of Quick Pick sales for online games overall is 70 percent. The percent of sales from Quick Picks by game are:

- Powerball, 84 percent;
- Mega Millions, 84;
- Lotto, 85 percent;
- Club Keno, 28 percent;
- Show Me Cash, 75 percent;
- Pick 3, 15 percent; and
- Pick 4, 8 percent.

## Scratchers

The Missouri Lottery has offered players more than 900 different instant-win games ranging from \$1 to \$20 since the Lottery began in January 1986. These games have paid out prizes ranging from a free ticket to more than \$5 million instantly.

Overall chances vary from game to game due to the variance in prize structures. Generally, Scratchers games have average chances of winning of 1 in 4.21, ranging from 1 in 4.75 in the \$1 games to 1 in 3 in the \$20 games. Overall, approximately 69 percent of the Scratchers game's sales is returned as prizes - ranging from 62 percent in \$1 games to 76 percent in \$20 games.

# Ticket Tips

- **Upon purchase of your ticket, completely fill out the back and sign it.** Remember, in order to claim any Lottery prize, you must have your ticket. Just like dollar bills, Lottery tickets are bearer instruments.
- **Ensure the wager on the ticket is the one you requested before you exchange money for the ticket.** It is your responsibility to ensure that your ticket has the correct information, like the numbers played, dates played, type of play, etc.
- **Always redeem your tickets as soon as you discover a winner.** Draw Game tickets expire 180 days after the draw date. Scratchers games expire 180 days after the official game ending date. For a list of official Scratchers game ending dates and expiration dates, visit MOLottery.com.
- **Keep tickets in a safe place.** From time to time, the Lottery receives tickets from players that have been destroyed by washing machines. Unfortunately, most of these tickets have been too badly damaged for the Lottery to reconstruct.
- **Always allow extra time for any damaged ticket you send to the Lottery for verification.** Damaged tickets will take more time to process.

Powerball is a multi-lottery Draw Game run by the Multi-State Lottery Association (MUSL) in Orlando, Fla. There are currently 44 members in Powerball with a combined population of more than 140 million.

Members are: Arizona, Arkansas, Colorado, Connecticut, D.C., Delaware, Florida, Georgia, Indiana, Idaho, Illinois, Iowa, Kansas, Kentucky, Louisiana, Maine, Maryland, Massachusetts, Michigan, Minnesota, Missouri, Montana, Nebraska, New Hampshire, New Jersey, New Mexico, New York, North Carolina, North Dakota, Ohio, Oklahoma, Oregon, Pennsylvania, Rhode Island, South Carolina, South Dakota, Tennessee, Texas, U.S. Virgin Islands, Vermont, Virginia, Washington, Wisconsin and West Virginia.

The game changed from the Lotto America game to Powerball on April 19, 1992. Lotto America was also known as Missouri's Megabucks before changing to Powerball. Jackpots begin at the minimum of \$40 million and have reached \$587.5 million.

Powerball jackpot winners have 60 days after the drawing to decide if they would like to receive the prize in one payment (cash option) or distributed in 30 graduated payments over 29 years (annuity option).

Each Powerball play costs \$2; with Power Play, \$3. The minimum jackpot is \$40 million. Any non-jackpot play matching the five white-ball numbers wins \$1 million. There are 35 Powerball numbers from which to choose.

## Power Play

In addition to the chance to win millions in Powerball, the game offers Power Play, which has a fixed prize structure. If players select the Power Play option and win anywhere from \$4 to \$1 million, winnings increase two to four times the original prize amount. Matching five of five white-ball numbers and not the Powerball automatically awards a \$2 million prize when Power Play is selected.

The Power Play feature costs an additional \$1, so the total cost for one Powerball play with the feature is \$3. Winners who select the Power Play option will be able to win from \$12 to \$2 million.

# Powerball®

**How to play:**

Pick five numbers between 1 and 59 and one number between 1 and 35 (“the Powerball”), or select Quick Pick and the computer will randomly generate six numbers for you.

# Mega Millions®

Mega Millions is a multi-lottery Draw Game, similar to Powerball, which offers large multi-million dollar jackpots that start at \$12 million, a large second-level prize and seven other prizes. There are currently 44 members in Mega Millions – 42 state lotteries, the D.C. Lottery and U.S. Virgin Islands. The members are: Arizona, Arkansas, California, Colorado, Connecticut, Delaware, D.C., Georgia, Idaho, Illinois, Indiana, Iowa, Kansas, Kentucky, Louisiana, Maine, Maryland, Massachusetts, Michigan, Minnesota, Missouri, Montana, Nebraska, New Hampshire, New Jersey, New Mexico, New York, North Carolina, North Dakota, Ohio, Oklahoma, Oregon, Pennsylvania, Rhode Island, South Carolina, South Dakota, Tennessee, Texas, U.S. Virgin Islands, Virginia, Vermont, West Virginia, Washington and Wisconsin.

Mega Millions jackpot winners have 60 days from the winning draw date to declare if they want to take their payments in cash, which is approximately half of the estimated jackpot, or if they would like to take their prize as an annuity in 26 equal payments over 25 years.

## Megaplier®

Mega Millions offers an optional multiplier feature called the Megaplier. For an extra \$1 per play, players can increase non-jackpot and non-Match 5 prize winnings by two, three or four times the regular amount. Players who use the Megaplier and match five white-ball numbers will automatically win \$1 million.

To play using the Megaplier, players should mark the “Yes” box under Megaplier to select the feature for all playboards on the playslip.

The Megaplier number will be chosen from a field of 21 numbers, according to the following frequency: 12 “4s,” 7 “3s” and two “2s.”

# Club Keno & Keno To Go

Club Keno is a daily Draw Game that provides drawings every four minutes and gives players a chance to win up to \$100,000 per \$1 ticket. The traditional Club Keno is offered in nearly 1,000 age-controlled environments throughout Missouri. The drawings are shown on television monitors (video only; no audio) at the retail location.

Keno To Go is offered at convenience stores, grocery stores and similar locations.

## Bulls-Eye Feature

The Bulls-Eye feature gives Club Keno players more ways to win prizes: win by matching the Club Keno numbers, win even more by matching the Club Keno numbers and the Bulls-Eye number and win by matching just the Bulls-Eye itself.

To play Club Keno using the Bulls-Eye feature, players make their regular Club Keno play and select “Bulls-Eye.” The total cost of the transaction will be double, meaning the Bulls-Eye wager will always match the amount of the Club Keno wager.

Then watch the drawing; if the player matches the red Bulls-Eye number and/or other Club Keno numbers, the player wins in some cases more than six times more than without the feature. Club Keno players who use Bulls-Eye could win as little as \$5 for matching just the Bulls-Eye number and as much as \$300,000 by matching all 10 numbers, including the Bulls-Eye number, in a 10-spot \$1 game. (See prize graph on page 30-31.)

## Double Bulls-Eye® Feature

The Double Bulls-Eye feature gives Club Keno players even more chances to win larger prizes and more chances to win overall.

# Club Keno & Keno To Go

During every Club Keno drawing, 20 winning numbers are drawn. At the end of that drawing, one of those numbers is selected as the Bulls-Eye number. This Bulls-Eye number is colored red. With the addition of Double Bulls-Eye, a second Bulls-Eye number (green) will be drawn after the first (red) Bulls-Eye has been drawn. Players who play Double Bulls-Eye will win cash when they match either the red or green Bulls-Eye number and even more cash when they match both. There are five ways to win cash when Double Bulls-Eye is added to a Club Keno play:

- Match the Club Keno numbers played to either the red or green Bulls-Eye numbers with no other Club Keno numbers matching those drawn.
- Match the Club Keno numbers played to either the red or green Bulls-Eye numbers and additional Club Keno numbers drawn.
- Match the Club Keno numbers played to both the red and green Bulls-Eye numbers (Double Bulls-Eye) with no other Club Keno numbers matching those drawn.
- Match the Club Keno numbers played to both the red and green Bulls-Eye numbers (Double Bulls-Eye) and additional Club Keno numbers matching those drawn.
- Match the Club Keno numbers played to those drawn with no Bulls-Eye number matched.

Club Keno plays with Double Bulls-Eye cost an extra \$2 per \$1 Club Keno play (\$1 Club Keno + \$2 Double Bulls-Eye = \$3 for Double Bulls-Eye).

## Multiplier Feature

For an extra \$1 per \$1 play, the Club Keno Multiplier provides players with the option to multiply their winnings up to 10 times on all Club Keno base prizes. Players can win 1, 2, 3, 4, 5 or 10 times their base prize amount. Prior to each four-minute Club Keno drawing, a wheel will be spun to determine the Multiplier number. Prizes for those who chose Multiplier will be multiplied times that number, and players could win up to \$1 million.

## Progressive Jackpot

Club Keno players who play the six-, seven- and eight-spot games have the added bonus of a progressive jackpot. Not only can the player win the usual prize, but he or she could also win a share of a progressive jackpot. If the progressive jackpot is not won in a drawing, it will continue to grow until it is won.

There is no additional cost and nothing to mark on the playslip.

# **Club Keno & Keno To Go**

**How to play:**

Club Keno and Keno To Go are played exactly the same and offer the same prize structure and game features. Using a Club Keno playslip, players select how many spots they want to play between 1 and 10. Then players pick numbers (spots) from 1 to 80, or choose Quick Pick. Players then select the number of consecutive games they wish to play and how much they want to play per draw. Players also must decide if they want to use the Bulls-Eye, Double Bulls-Eye or multiplier feature.

**Prize levels and chances:**

(see page 30-31)

**Cost:**

Players can purchase tickets for \$1, \$2, \$3, \$4, \$5, \$10 or \$20.

**Day and time the game is aired:**

Daily, every four minutes from 5 a.m. to 1:50 a.m.

**No ticket sales between:**

2-5 a.m. daily

**Multi-draw play:**

Players can play up to 20 consecutive games on a single ticket.

**Average daily Club Keno winners:** 19,495**Percent of sales using Quick Pick:** 28

# How to Claim Cash Prizes

## How To Claim Cash Prizes

Missouri Lottery retailers may be able to redeem prizes up to \$600. Players can also redeem prizes through the mail or at any of the Missouri Lottery's four offices. (See page 8 for office addresses.) Addresses and maps for each office also are available on the Lottery's website, MOLottery.com. Office maps are also found in the Reference Section in the back of this publication.

If your prize is more than \$600, your winning ticket must be accompanied by a completed claim form and a W-9 form, which are available at Lottery retailers, Lottery offices and on the website at MOLottery.com. Winning tickets must have a name, address, telephone number and signature to be redeemed.

### Mail winning tickets to:

**Missouri Lottery**  
Ticket Redemption  
P.O. Box 7777  
Jefferson City, MO 65102-7777

Players have exactly 180 days from a Scratchers game's official end date to claim a prize or exactly 180 days from a Draw Game drawing to claim a prize. Official game end dates can be found at MOLottery.com.

## Taxes

The Lottery withholds 4 percent Missouri state taxes on prizes of more than \$600 and an additional 25 percent federal tax for prizes more than \$5,000. Depending on a player's income situation, he or she may owe additional taxes or may receive a refund. The Lottery will mail a W-2G form to winners of \$600 or more in January of the following year.

# How To Find Winning Numbers

## How To Find Winning Numbers

There are many ways players can find both past and recent winning Missouri Lottery numbers:

- Check the Lottery's website at MOLottery.com;
- Run the ticket through a Check-A-Ticket machine at a Missouri Lottery retail location;
- Ask the retailer for a Winning Numbers Report (retailers have access to numbers up to at least 365 days);
- Call a Missouri Lottery hotline (see Page 8 for telephone numbers);
- Become a *My Lottery* member and sign up for free service at MOLottery.com to receive winning numbers via email or text message;
- Look in local newspapers, TV and radio stations;
- Call a Missouri Lottery office (see Page 8 for Lottery office telephone numbers); and
- Call the Missouri Lottery office in Jefferson City to request a historical list.

# Missouri Lottery Drawings

## Missouri Lottery Drawings

The Lottery's computerized drawing system, which was implemented on July 19, 2004, uses technology to select the numbers for the Draw Games.

The computerized system, named ODDS (Online Daily Draw System), is housed in a secure draw room in Jefferson City. These draw computers are not connected to the Internet or any other network source. The room has no other phone or data lines from which to send or receive information.

The system is operated by a Lottery employee draw manager in the presence of an independent auditor. The draw manager conducts pre-tests for all games to ensure the system is working properly. Only then do the drawings take place. The system is designed to permit only one drawing per game per draw date.

Only designated Missouri Lottery drawing personnel and an independent auditor are allowed in the room during a drawing. Every drawing is monitored by motion-activated video cameras which videotape every action on the draw computer and in the drawing room.

Access to this room is further limited by a keypad that allows only designated draw personnel to enter the room. Furthermore, the PC used to draw the numbers is randomly selected from a field of three before the draw. These PCs also use fingerprint recognition to begin the draw. Consequently, only designated draw personnel will be able to use the drawing PCs. In addition to the motion-activated video cameras in the draw room, all Automated Draw Machines (ADMs) record all of the keystrokes made for each drawing. This room includes large windows on two sides where the public and other Lottery personnel can view the drawings.

There is also a procedure the draw managers use (a seal-like software), which shows that no draws have been conducted since the last draw.

In addition, the Lottery's draw system has undergone numerous independent tests and certifications to guarantee randomness. A statistics professor from the University of Missouri-Columbia and an independent testing lab for gaming regulators certified the Lottery's ODDS software, random-number generator, draw procedures and security of the draw room. In addition to the daily random-number pre-tests conducted by the draw manager and independent auditor, the Lottery's security division also conducts monthly checks on the system to ensure randomness.

Streaming video of the Lottery's Pick 3, Pick 4, Show Me Cash and Lotto drawings can be seen on the Lottery's website – MOLottery.com.

***Winner Information***

# Winner Information and Remaining Prizes

## Winner Information

Think there are never any winners in the Missouri Lottery? Think again! More than 202,000 winners on average win a prize in the Lottery EVERY DAY, totaling approximately \$2 million.

To date, Missouri Lottery players have won more than \$9 billion in prizes overall.

In fiscal year 2012, which ran from July 1, 2011, to June 30, 2012, 20 players won life-changing jackpots ranging from \$1 million to \$5 million.

Also, in fiscal year 2012, another 20 players won Match 5 prizes ranging from \$200,000 to \$1 million in Powerball, and 74 players won between \$50,000 and \$898,000 playing Show Me Cash.

## See Website for Lists of Remaining Scratchers Prizes

Scratchers players have an easy way to view and compare remaining prize information for Missouri Lottery Scratchers games at MOLottery.com. On the main Scratchers page, players can compare the remaining prizes in the top four prize levels of each game, along with the total cash prizes remaining for that game, with all other games that are currently selling in retail locations. For a more detailed comparison of this information, players also can choose to sort the list by game name, number, starting date or ticket price.

Since as many as 30 to 40 games can be selling at one time, Scratchers players can sort the list by ticket price. Once the page reloads, the list will be reorganized with all the games at that price point for easy comparison.

By clicking on the game names in this list, players are directed to a more detailed page about that specific game. Information on this page includes all prize levels listed for that game and corresponding remaining prize information, total cash prizes won and remaining for that game, how-to-play instructions, a graphic of the game ticket and average chances of winning a prize in that specific game. Prize information is updated daily.

## Unclaimed Prizes

Unfortunately, some players don't realize they have won a Missouri Lottery prize – either they threw their ticket away, waited until the redemption deadline lapsed or simply made an error when looking at the ticket. Whatever the reason, approximately 1 percent of the Missouri Lottery's sales will be reflected in unclaimed prizes each year.

Currently, unclaimed prize money is transferred to the Lottery Proceeds Fund to benefit public education. Prior to fiscal year 2001, unclaimed prize money was returned to players as prizes and promotions.

The largest Missouri prize to go unclaimed was a Missouri Lotto prize worth \$1.7 million from the Feb. 20, 1999, drawing. That ticket was sold at Git-N-Go, 2808 S. Campbell, in Springfield. In addition, 41 Powerball prizes of \$100,000 and 6 prizes worth \$200,000 have gone unclaimed since the game began in 1992.

For a list of current prizes above \$50,000 that haven't been claimed, visit [MOLottery.com](http://MOLottery.com).

## Miscellaneous Jackpot Winner Information

Through Dec. 15, 2012, a total of 354 tickets worth \$1 million or more have been sold in Missouri through both Draw and Scratchers games. Jackpot winners have 60 days after a jackpot is won in Lotto, Mega Millions and Powerball to decide if they would prefer the jackpot in one lump-sum payment or in annual payments. Annual payments for Lotto are made over 25 years, Mega Millions are made in 26 equal payments, and annual payments for Powerball are made through 30 graduated payments (29 years).

# ***Retailer Information***

# Retailer Information

## Retailer Information

There are approximately 4,900 retailers currently licensed to sell Missouri Lottery products across the state. Lottery retailers have earned more than \$929 million in commissions, incentives and bonuses since Lottery sales began in 1986.

## How Retailers Benefit

- Lottery retailers who sell Draw Games and Scratchers tickets earn 5 cents for every \$1 in products they sell;
- Lottery retailers can receive a bonus equal to 2 percent of the total amount of the prize up to \$600 that they redeem if they meet certain game and sales criteria;
- Lottery retailers receive a \$5,000 bonus for selling a winning Lotto jackpot ticket;
- Lottery retailers receive a \$50,000 bonus for selling a winning Powerball jackpot ticket;
- Lottery retailers receive a \$50,000 bonus for selling a winning Mega Millions jackpot ticket;
- Lottery retailers receive a \$1,000 bonus for selling a winning second-tier prize on a Powerball or Mega Millions ticket;
- Lottery retailers receive a \$500 bonus for selling a winning Show Me Cash jackpot ticket;
- Lottery retailers who sell a winning Club Keno ticket of \$10,000 or more receive a selling bonus equal to 1 percent of the prize;
- Lottery retailers can participate in Lottery sales contests that offer cash, trips and merchandise prizes;
- Lottery retailers receive continuous support with in-store visits from sales representatives and weekly or bi-weekly calls.

## How You Can Become A Missouri Lottery Retailer

To become a Missouri Lottery retailer, call the Lottery regional office nearest you (see page 8). You will need to complete paperwork and meet criteria to qualify as a Missouri Lottery retailer. The following criteria must be met:

- Must have a Missouri sales tax license;
- Must not be in business solely to sell Missouri Lottery tickets;
- Must not have any felony convictions or any convictions involving bookmaking, illegal gambling, fraud or misrepresentation;
- Must not be delinquent in the payment of any debt to the state of Missouri;
- Must fill out an application with the Missouri Lottery;
- May be required to be licensed as a probationary retailer in order to sell any Lottery products. If approved by the Lottery, pay a first-year fee of \$50 with a yearly renewal fee currently set at \$45 (see the guidelines for probationary retailers);
- Scratchers and Draw Game retailers must agree to electronic funds transfers (EFTs) for bond fees and ticket invoices.

In most cases, once an application is received by Lottery Retail Operations and no problems are encountered during processing, a retailer can be licensed and ready for ticket orders within seven to 14 working days.

# Retailer Information

Under the Code of State Regulations, Division 40 Missouri Lottery, Chapter 40, Retail Sales Licenses 12 CSR 40-40.090 Eligibility for Licenses, those who meet the following criteria are not eligible to sell Missouri Lottery tickets:

- Has been convicted of a felony;
- Is or has been a professional gambler or gambling promoter;
- Has been convicted of bookmaking or any other form of illegal gambling;
- Has been convicted of a crime involving fraud or misrepresentation;
- Has purchased a federal tax stamp for wagering or gambling activity;
- Has been convicted of or pleaded nolo contendere to any illegal gambling activity;
- Has had a retail license to sell lottery tickets revoked by the commission;
- Is an employee of the commission or a spouse, child, brother, sister or parent of an employee of the commission or a commissioner;
- Is under the age of 21;
- Is a lottery contractor or a lottery vendor or has a direct interest in any lottery contractor or lottery vendor. For purpose of this subsection a direct interest shall mean a 10 percent or greater interest by shares or percentage of partnership in any lottery contractor or vendor; and
- Owes any debt to the state of Missouri. For purposes of this subsection, the state of Missouri shall not include any city or county.

Under the regulation, a person is defined as any natural person, firm, corporation, or other legal entity possessing a Department of Revenue retail sales tax license, as provided by law. For purposes of licensing, “person” refers to the principal owner of a sole proprietorship, principal partner(s) of a partnership, manager of the lottery account within a corporation or a limited liability company, and top two officers of a non-profit organization.

# Where Do Missouri Lottery Proceeds Go?

## Where Do Missouri Lottery Proceeds Go?

When the Missouri Lottery first started, all proceeds were transferred to the General Revenue Fund. From January 1986 to July 1993, the Lottery transferred more than a half-billion dollars to the General Revenue Fund for a variety of state programs and services, including public education.

In August 1992, 78 percent of voters approved Amendment 11 earmarking Lottery proceeds solely to benefit public education. Since July 1993, all Lottery proceeds have gone to the Lottery Proceeds Fund for public education in Missouri – more than \$4.4 billion dollars! For a complete county and program breakdown of where the money goes in any specific fiscal year, write to Missouri Lottery headquarters in Jefferson City or visit MOLottery.com.

During the past fiscal year, the Lottery has provided public education programs in Missouri with more than \$280 million. Though it is a significant amount, it is only approximately 5 percent of public education's annual funding needs. The Lottery shares this funding effort with local, state and federal governments.

During the past 19 years, Missouri Lottery proceeds have gone to programs such as early childhood special education, computer networking, the construction of college and university buildings and educational scholarships. The Missouri Legislature appropriates the revenues to various elementary, secondary and higher education programs each year, and therefore, the programs funded change from year to year. The programs and amounts appropriated by year can be found at MOLottery.com.

Approximately 24.8 cents of every dollar spent on the Lottery benefits Missouri's public elementary, secondary and higher education programs. More than 64.8 cents goes back to players as prizes, 4.2 cents is used for administrative costs and 6.2 cents goes to retailers in the form of commissions, incentives and bonuses. In all, more than 95 cents of every dollar stays in Missouri.

# FY13 Missouri Lottery Proceeds

## FY13 Missouri Lottery Proceeds

Since 1986, the Missouri Lottery has contributed more than \$4.4 billion to the state of Missouri and public education. Annual Lottery contributions comprise about 5 percent of the state's funding for public education – an effort shared by local, state and federal governments.

For fiscal year 2013, more than \$288 million from Lottery proceeds were appropriated to Missouri's public education programs by the Missouri Legislature through House Bills 2002, 2003 and 2006 from the 96th General Assembly. The following list shows Lottery appropriations by program.

### **Missouri Department of Elementary and Secondary Education \$180,775,146**

#### **\$135,679,552 (4 percent of total program funding)**

##### **Foundation Program**

These funds help pay for the Foundation Formula, transportation, early childhood special education services, vocational education and early childhood development.

#### **\$19,590,000 (67 percent of total program funding)**

##### **Special Education Excess Costs**

The fund was established to reimburse school districts for the educational costs of serving children with individualized education programs exceeding three times the current expenditure per average daily attendance. This fund will be both disability- and placement-neutral, creating a safety net for school districts that have no way of projecting the extraordinary cost of certain high-need students.

#### **\$10,125,733 (3 percent of total program funding)**

##### **Classroom Trust Fund**

The fund consists of all monies transferred to it under section 160.534, RSMo, all monies otherwise appropriated or donated to it and all unclaimed Lottery prize money. The money deposited into the fund is distributed to each school district in the state qualified to receive state aid on an average daily attendance basis. The funds distributed shall be spent at the discretion of the local school districts.

#### **\$7,768,606 (77 percent of total program funding)**

##### **Public Placement Excess Cost Program**

This program was established to assist school districts in providing education services to students in residential placements through the Missouri Department of Mental Health or the Missouri Division of Family Services. It pays the excess cost incurred by those school districts for educating these students placed outside the school district where their parents reside.

#### **\$4,311,255 (29 percent of total program funding)**

##### **Performance-Based Assessment Program**

This program provides funding for continued development, administration and scoring of the statewide Missouri Assessment Program (MAP). The Lottery funding covers testing costs for the subjects of math and communication arts.

# FY13 Missouri Lottery Proceeds

**\$1,400,000 (3 percent of total program funding)**

## **Vocational Rehabilitation Program**

This money will be used by the Division of Vocational Rehabilitation to assist clients who have disabilities to obtain employment by diagnosis, physical restoration, training, placement and other related services.

**\$1,000,000 (100 percent of total program funding)**

## **Urban and Metropolitan School District Teacher Employment Program**

This money will be used to fund a teaching program aimed at employing teachers in underprivileged urban and metropolitan school districts.

# Missouri AMBER™ Alert

## What is the Missouri AMBER Alert Plan?

In May 2005, Missouri joined the AMBER Alert Web portal, a nationally connected communication system to help ensure the safety and rescue of missing children.

The Missouri AMBER Alert program is a statewide program designed by the Missouri Department of Public Safety to inform the public of the most serious child-abduction cases. The Missouri Lottery partners with other state and private organizations to communicate the Alerts and utilizes its various communication channels to disseminate AMBER alert messages to nearly 5,000 retailers, thousands of Lottery players and millions of people worldwide through its website.

## How does Missouri AMBER Alert work?

Once law enforcement has been notified about an abducted child, they must first determine if the case meets the activating Missouri AMBER Alert criteria:

1. Law enforcement officials have a reasonable belief that an abduction has occurred, which meets the definition in RSMo. 565.110 or 565.115.
2. Law enforcement officials believe that the child is in imminent danger of serious bodily injury or death.
3. Enough descriptive information exists about the victim and the abductor for law enforcement to issue an AMBER Alert.
4. The victim of the abduction is a child age 17 years or younger.
5. The child's name and other critical data elements - including the child abduction (CA) flag - have been entered into the National Crime Information Center (NCIC) system.

If these criteria are met, Alert information must be put together for public distribution. The information can include descriptions and pictures of the missing child, the suspected abductor, a suspected vehicle and any other information available and valuable to identifying the child and suspect.

## The Missouri Lottery's Role

Missouri Lottery retailers and players are in a unique position to help spot missing children. In the event of a Missouri AMBER Alert, the Lottery will send messages through the terminal to retailers. In addition to the online terminal retailer message, the Missouri AMBER Alert message will scroll on the small VFD screen located at the top of the terminal. The message will also be broadcast on all of the Lottery's monitors and Club Keno monitors.

When possible, this message will also appear on all Draw Games tickets. In addition, the Lottery will publicize the message on MOLottery.com and in the winning numbers email subscription service. The Lottery also provides retailers with special, fill-in-the-blank Missouri AMBER Alert signs that can be downloaded from the Lottery's website, completed and posted.

***Responsible Gaming***

# **Responsible Gaming**

## **Responsible Gaming**

With many things in life, there are people who have problems with moderation. Gaming is no exception. Up to 5 percent of gamblers have problems playing responsibly and could be considered a compulsive gambler.

## **Responsible Gaming Mission**

“As a gaming entity, the Missouri Lottery recognizes that while the vast majority of Lottery players gamble responsibly, a small number of Lottery players can experience personal, financial and social difficulties due to playing Missouri Lottery games. Therefore, it is the responsibility of the Missouri Lottery to promote responsible gambling, take part in responsible gambling activities and promote the availability of problem gambling treatment.”

## **What Is Compulsive Gambling?**

Compulsive gambling is a behavior disorder in which an individual has an uncontrollable preoccupation and urge to gamble. This results in excessive gambling, the outcome of which is loss of time and money. The gambling reaches the point at which it compromises, disrupts or destroys the gambler’s personal life, family relationships or vocational pursuits. The key signs are emotional dependence on gambling, loss of control and interference with normal functioning.

### **Do You Have A Problem? Compulsive Gamblers:**

- Frequently think about past gambling experiences, future plans or how to get money for gambling;
- Need to increase spending to reach a high level of excitement;
- Have failed at stopping or controlling gambling;
- Become restless and/or irritable when trying to cut back or stop gambling;
- Gamble to escape problems and to feel better;
- Frequently return to “get even” after experiencing losses (chasing one’s losses);
- Lie to cover up gambling activity;
- Have committed or planned illegal acts to finance gambling;
- Have problems with job, school or relationships; and/or
- Rely on others to help out financially.

## **How To Get Help**

The first hurdle to overcoming a compulsive gambling disorder is admitting there is a problem and recognizing that it won’t go away without help. If you think you or someone you know has a problem with gambling, please:

**call 1-888-BETSOFF (1-888-238-7633),  
visit the Bets Off website at [888BETSOFF.org](http://888BETSOFF.org) or  
email [gamblingcounselor@providentstl.org](mailto:gamblingcounselor@providentstl.org)**

When you call the 24-hour toll-free help line, a counselor will refer you to free treatment facilities in your area.

# **Responsible Gaming**

## **Special Awareness Programs**

### **Youth**

During Missouri's Responsible Gaming Education Week in August 2000, the Missouri Alliance to Curb Problem Gambling kicked off a youth gambling prevention campaign to help educate youth, parents, school counselors and officials and the general public about the dangers of gambling at a young age.

The Alliance's youth gambling prevention campaign includes posters, brochures, speaker presentations, informational mailings to school counselors and attendance at educational conferences throughout the state. With guidance and assistance provided through the Division of Guidance and Placement at the Missouri Department of Elementary and Secondary Education, this campaign was designed to be the initial step in creating a program to raise awareness about problem gambling.

In addition, the youth campaign includes two versions of a video entitled, "Beat Addiction – Choose the Right Path." The original version, created for students in grades 6-9, is a 12-minute award-winning video that addresses the risk factors of all addictions. The newest version, created for students in grades 6-12, is a 28-minute video with four testimonials of real individuals affected by four different addictions, including gambling, alcohol, drugs and an addictive lifestyle. The video package, which can be displayed in closed caption and Spanish, includes a facilitator's guide for class discussion.

To date, the video has been distributed to more than 1,000 schools in Missouri.

### **Seniors**

An awareness campaign aimed at older adult problem gamblers was introduced in August 2001 during the third annual Missouri Responsible Gaming Education Week.

The senior awareness campaign was the third campaign initiated by the Alliance. The campaign, which includes posters and brochures, helps educate seniors on the risk factors that could lead to a gambling addiction, problem-gambling symptoms and where to get help – 1-888-BETSOFF (1-888-238-7633).

For information about all of the Alliance's awareness campaigns, please visit [888betsoff.org](http://888betsoff.org).

# Missouri Alliance To Curb Problem Gambling

## What Is The MACPG?

The Missouri Alliance to Curb Problem Gambling (MACPG) is an alliance between the Missouri Lottery, the Missouri Gaming Association, the Missouri Gaming Commission, the Missouri Department of Mental Health's Division of Alcohol and Drug Abuse, the Missouri Council on Problem Gambling Concerns, the Port Authority of Kansas City and a recovery community representative.

The Missouri Department of Mental Health estimates that 95 percent of the Missouri residents who gamble understand risks of participating in games of chance. However, up to 5 percent of the individuals who participate in these gambling activities experience personal, financial and social difficulties due to an obsession with these games.

The purpose of the MACPG is to educate Missourians on the potential characteristics and dangers of problem gambling, to refer compulsive gamblers and their family and friends to free treatment through a toll-free help line, to prevent underage play and to promote responsible gaming.

## What Is The Lottery's Role in the MACPG?

### ***Missouri Lottery - Responsible Gaming Program***

The Missouri Lottery is a founding and primary member of the Missouri Alliance to Curb Problem Gambling. The Lottery also creates and distributes Public Service Announcements (PSAs) for the Alliance. The Lottery is fully responsible for the creation and production of all statewide collateral materials, including campaigns for a general audience, older adults and youth. The Lottery also created and manages the Alliance's website at 888betsoff.org, created and produces the *Bets Off Bulletin* and has run TV and radio ads promoting the toll-free 1-888-BETSOFF help line. The Lottery includes the toll-free help line number on the Lottery's website, all tickets, brochures and publications, and promotes the number on billboards in major cities. Lottery staff members speak at meetings, conferences and training seminars. The Lottery also helped to fund educational speakers, who have included Carol O'Hare, Robert Ladouceur, Joanna Franklin and Dennis McNeilly, for statewide meetings and coordinates events statewide for Missouri's Responsible Gaming Education Month each August. The Lottery was instrumental in helping Missouri to become the first state in the country to set aside a month for problem gambling education.

The Missouri Lottery has helped to plan and coordinate the Midwest Conference on Problem Gambling and Substance Abuse since 2004 when the conference began.

The Lottery coordinated the creation of a youth addiction prevention program that was presented in schools throughout the state. The Lottery created and produced two versions of a youth addiction prevention video that is being provided to more than 1,000 schools throughout the state, along with a facilitator's guide.

## Midwest Conference on Problem Gambling and Substance Abuse

The Missouri Lottery is a member of the Midwest Consortium on Problem Gambling and Substance Abuse (MCPGSA), a committee comprised of addiction specialists, problem gambling program coordinators and organizations throughout a five-state region – Iowa, Kansas, Missouri, Nebraska and Oklahoma. A primary focus of MCPGSA is to plan an annual problem gambling and substance abuse conference.

The Lottery plays a leading role in the planning and organizing the Midwest Conference on Problem Gambling and Substance Abuse, which will celebrate its 10th anniversary this summer during the three-day multi-state event running June 26-28, 2013.

The conference, which draws speakers and participants from throughout the country, is the result of a joint endeavor by the Consortium.

The conference offers workshops and presentations on a variety of topics including clinical applications, research, public policy, industry, regulation, recovery and special populations. Conference participants include certified gambling treatment counselors, substance abuse counselors, elected officials, representatives of the gambling industry, researchers, students and individuals in recovery from addictions.

# ***Frequently Asked Questions***

## Frequently Asked Questions

### **Q. Where can I find past winning numbers?**

A. Players can get Lottery numbers since 1996 at Missouri Lottery Draw Games retailers, or they can scan their tickets through a “Check-A-Ticket” (CAT) device found at some Missouri Lottery retail locations. A CAT is a player-activated device that indicates whether a ticket is a winner. Players also can find a historical list of the numbers on the Lottery’s website (MOLottery.com). Players can request lists via email, and the Lottery will send numbers lists as an email attachment. Players can also receive text messages with the winning numbers. They also can contact the Lottery’s customer care unit to request winning numbers’ lists for a fee.

### **Q. If I win a big jackpot prize and I die before I receive it all, where does the remaining money go?**

A. When a winner receiving annuity payments dies, the Missouri Lottery continues to make payments to the winner’s heirs.

### **Q. Do Lottery proceeds really go to schools?**

A. Yes, about 24.8 cents of every dollar spent on the Missouri Lottery goes to Missouri’s public schools. From the start of the Lottery in January 1986 to June 30, 1993, all Lottery proceeds were directed to the state’s General Revenue Fund, including education. In August 1992, Missouri’s voters elected to have all Lottery proceeds go solely to education. Since July 1, 1993, the Missouri Lottery has contributed more than *\$4.4 billion* to public education. In fiscal year 2013, the Lottery contributed more than \$280 million to elementary, secondary and higher education. Annual Lottery contributions comprise approximately 5 percent of the state’s funding for public education - an effort shared by local, state and federal governments. The Missouri Legislature appropriates those funds annually to statewide education programs.

### **Q. Who oversees casino gambling?**

A. Casino gambling is licensed and regulated by the Missouri Gaming Commission, which also oversees bingo games.

### **Q. Why don’t I ever hear about top-prize winners in Scratchers games?**

A. Winners are highlighted on the Missouri Lottery’s website, in email newsletters, in news releases, on the Lottery’s social media pages and on signage at retail locations. News releases with the names of the prize winners of \$1,000 or above are sent to media throughout the state. A list of these winners also is available upon request to the Missouri Lottery headquarters in Jefferson City. These same releases can also be found in the “Newsroom” of the Missouri Lottery’s website. Players can use the Google search function on the navigation bar to find a specific winner.

### **Q. Are there fewer prizes available in Scratchers games than when the Lottery first started?**

A. Actually, the chances of winning a prize in the Lottery’s Scratchers games continue to get better. In the Lottery’s early days, by law, games only paid out 45 percent of sales in prizes. Now games pay out an average of more than 69 percent of sales in prizes, and an average of approximately 1 in every 4.2 tickets is a winner. Some Scratchers game payouts are as high as 76 percent!

# FAQs

## Q. Are more Scratchers winning tickets sent to the bigger cities?

A. No one, including Missouri Lottery employees, knows where winning Scratchers are located. Strict security measures are in place at all times during the ticket-printing process. The only way to detect a winning ticket is by scratching off the coating that covers the play area.

## Q. Why is the cash value of a jackpot only about half of what is advertised?

### Where does the rest of the money go?

A. When a player wins a Missouri Lotto, Mega Millions or Powerball jackpot and he or she selects the cash option, that player receives approximately half the advertised jackpot, minus 29 percent in taxes, in cash. The cash option entitles the winner to receive all the money the Lottery has in the Lotto, Mega Millions or Powerball jackpot fund generated by sales during that jackpot run. If a winner chooses to have his or her prize distributed over 25 years (Lotto), 26 years (Mega Millions) or 30 graduated payments (Powerball), the Lottery takes that jackpot fund and invests it to accrue the full advertised jackpot amount won.

## Q. Does anyone in Missouri ever win the Powerball jackpot?

A. Out of the 44 lotteries participating in the Powerball game, Missouri ranks second in terms of jackpot winners and the amount awarded to players through jackpot prizes. With 27 Powerball jackpot winners, Missouri is second only to Indiana. The Missouri Lottery has awarded more than \$1.7 billion in Powerball jackpot prizes.

## Q. Since so many people play Powerball, aren't the chances of winning worse?

A. No. No matter how many people play Powerball, the chances of winning never change. The same fact holds true for Mega Millions, Pick 3, Pick 4, Show Me Cash, Club Keno and Lotto. The chances are based on the amount of number combinations, not the number of players. Overall chances of winning a prize in Powerball are 1 in 31.8.

## Q. Does the Missouri Lottery keep most of its profits?

A. From every dollar spent on a Lottery ticket, more than 95 cents is returned to Missouri residents: an average of 64.8 cents goes back to players through prizes, 24.8 cents goes to Missouri's public education system and 6.2 cents is earned by retailers who sell Lottery tickets. Just 4.2 cents of every dollar goes to pay administrative expenses including advertising, ticket printing and computer system costs.

## Q. Who is the "average" Lottery player?

A. The Lottery's demographic information shows that the typical lottery player is a married white female between the ages of 25 and 54, who is employed with a household income of \$40,000 or more, and with at least a high school education.

## Q. Is there a danger of Lottery players becoming compulsive gamblers?

A. Studies show up to 5 percent of those who gamble through all means experience problems. Those who do or their friends and family can contact 1-888-BETSOFF for free assistance, visit 888betsoff.org or email gamblingcounselor@providentstl.org.

# FAQs

## Q. Why does it seem like all the jackpot winners come from the big cities?

A. Missouri Lottery jackpot winners come from all across the state. The number of winners is generally proportionate with the amount of sales. Therefore, in areas where sales are higher, there will also tend to be more winners. Keep in mind, your chances of winning a prize are the same no matter where you buy your tickets.

## Q. Is the Lottery an efficient way to raise money?

A. Yes. The Missouri Lottery is an efficient source of revenue. More than 95 cents of every dollar is returned to Missourians. Players receive approximately 64.8 cents in prizes, education receives approximately 24.8 cents and retailers receive about 6.2 cents.

## Q. Why don't Lottery proceeds increase education's funding?

A. The Lottery does not allocate Lottery profits to specific education programs. That is the job of the Legislature and the governor. All Missouri Lottery proceeds are transferred to benefit education programs, and these proceeds are a net increase in revenues for the state.

## Q. Are retailers punished for selling Lottery products to minors?

A. The Missouri Lottery has procedures in place to suspend the retailer licenses of anyone selling Lottery products to minors. The Lottery places vending machines where they can be monitored by clerks. Additionally, the vending machines have remote shut off capabilities. Messages are also displayed on machines stating you must be 18 or older to play.

## Q. Does the Missouri Lottery offer subscription sales to players?

A. No. The only way to purchase a Missouri Lottery ticket is from a licensed Lottery retailer in Missouri. Due to federal postal regulations, the Lottery cannot mail tickets if a player sends us money.

## Q. Can a group of people claim a prize?

A. Yes. Each person must complete a claim form to claim.

## Q. Can Powerball and Mega Millions players redeem their winnings in any Powerball or Mega Millions member state?

A. No. Players must redeem their prizes in the same state they bought the ticket.

## Q. If a player buys a Quick Pick ticket, can anyone else buy those numbers using Quick Pick?

A. Yes. Quick Pick tickets are generated randomly by the terminal at the retailer, and there is no central computer that is controlling ticket generation. For example, the chances of buying a Powerball ticket with the same numbers as someone else are the same chances of winning the jackpot – about 1 in 175 million.

## Q. How do you play Keno To Go?

A. Keno To Go is played exactly the same way as Club Keno, and it offers the same prize structure and game features. It is available at all Missouri Lottery retail locations.

# **FAQs**

**Q. Where can I watch the Missouri Lottery drawings?**

- A. Missouri Lottery drawings can be viewed online by visiting MOLottery.com. To view, one should select “Games” from the homepage and then “Watch the Draw Show” from the drop-down menu.
